The Falcon News

THE FALCON CLUB OF AMERICA, INC. is a nonprofit organization dedicated to preserving the FALCON Automobile built by the Ford Motor Company from 1960 to 1970. The FCA was founded by Roy Sword in 1979 and is incorporated under Arkansas state law. Yearly dues to The Falcon Club of America are \$25.00 (\$30.00, payable in U.S. funds outside the United States) and are payable to: The Falcon Club of America, P.O. Box 113, Jacksonville, AR 72078-0113 ♦ The Falcon News is published monthly with information from its members. **All copy and advertising for The Falcon News should be sent to the Editor, Wendelyn Crosby, 16318 Riggs Rd., Stilwell, KS 66085.** Please mark "FCA" on outside of envelope. E-mail address: WCrosby63@aol.com. No phone calls for Falcon Club business. Copy must be received by the first of the month preceding date of issue.

Cover Falcon —

Bob and Donna Johnson of York, Maine sent this photo of their 260 V8 4 speed Sprint, taken at Nubble Lighthouse in Cape Neddick, Maine. Except for the style wheels and the red interior, the car is an exact duplicate of one that Bob owned 35 years ago. Nubble Light is a very popular attraction on the Maine coast and may be familiar to some of our readers. In fact, if you're planning ahead to the National Convention in 2001, being hosted by the Northeast Chapter, you may want to do some exploring along the Maine coastline where there are many scenic lighthouses and other attractions unique to that part of the country. Make plans to go "down east."

Do you have a photo of your Falcon that you think should be on the cover of The Falcon National News? Send it to the Editor along with a paragraph or two describing the car. Please include a self addressed STAMPED envelope if you want your photo returned.

Starting a New Chapter - If you want to explore the possibility of starting or reactivating an FCA Chapter in your area, first contact Chapter Coordinator Jan Brown, 4147 WCR 31, Ft. Lupton, CO 80621 — 303-857-9360. Please send a notice to the Editor of the Falcon News for publication in the next issue. Be sure to list your correct address and phone number so others in your area can contact you.

President's Message

One of the benefits of club/chapter membership is the monthly newsletter. Every month you receive pictures, stories, chapter news, technical tips, classified ads, vendor information, calendar of events, club store ads, and much more. We have the best newsletter of all the car clubs out there. A big "thank you" goes to our Editor, Wendy, and the help she receives from Althea Fleeman who types some of the stories, the folks at Bill's printing, our advertisers, and most of all, you, the membership, for all of the pictures and articles you submit.

Many of our chapters also do a monthly newsletter. These editors deserve a big "thank you" as well. Speaking for someone who has been an editor of both the national and chapter newsletters, it is a lot of work! There are some talented and hardworking folks doing the chapter newsletters. Many of these chapters have included me on their mailing list, and I enjoy reading each and every newsletter.

Below you will find a listing of all known chapter newsletters and their editors. If your chapter editor is not listed or the information is incorrect please forward the information to our National Editor Wendy for publication in a later issue of the National News. I would like to encourage chapters to exchange newsletters not only with the National Editor, but with another chapter or two as pen pal chapters. What a great way to share information and ideas. Try it, and send me your feedback. I think you will enjoy the exposure and the variety of the various newsletters.

Spring is just around the corner and with Spring comes the car shows, flea markets, and Falcon regionals. Check your chapter newsletters as well as your national newsletter for dates and details. Don't forget our 21st National in July. See this issue for registration forms and updates.

Steve and Carol

2000 National Convention Calendar of Events

The Calendar of Events for the FCA 2000 National Convention (July 13-15, 2000) is in place! Along with the really big Falcon Show, some special tours and activities will be available to those who attend the FCA 21st Convention in Sacramento, California.

A special tour bus will leave Sacramento for beautiful Lake Tahoe on Thursday morning—7/13. The trip (approximately 2 hours each way) to Lake Tahoe will allow visitors to see and experience Lake Tahoe, one of the jewels of California. Lake Tahoe is at 6000 feet elevation and is in the middle of the Sierra Nevada mountains. There is bicycling, hiking tours, gambling and many other things do. You need to register and pay for your bus fare of \$20.00 per person in advance. The bus will return to the hotel on Thursday night.

Also on Thursday, there will be a special open house at the nearby AP USA Car Show Room. Joe Bevacqua and his staff will be serving coffee, soft drinks and refreshments for those who would like to view cars that are Classics, Customs, Street Rods and Exotics. Who knows, the cars are for sale, so you may be driving one home.

On Friday—7/14, there will be a special cruise (approximately 1 hour travel time one-way) and tour of

Craig Breedlove's "Spirit of America" facility in Rio Vista. Craig Breedlove is a five-time record holder of the world land speed record. Mr. Breedlove will open the doors to his unique racing facility and provide show goers with a fascinating view of his current quest to regain the land speed record.

Later on Friday, there will be another cruise to historic Old Town Sacramento which is a short drive from the hotel. There is special parking arranged for show-goin' Falcons. The parking spaces will be assigned at the Convention to guests who sign-up (limited to 75 cars) their Falcons for this event. We will have a mini-Falcon show on the Sacramento waterfront. Participants will have the opportunity to admire the Falcons, eat dinner at one of the many local restaurants, and visit the unique shops in this wonderful historic area.

Throughout the convention, a special DASH bus will be available to shuttle hotel guests to several sites in the Sacramento area. Some of the bus stops include local attractions such as the nearby Arden Fair Mall, Old Town Sacramento, Cal Expo, Sutter's Fort, and the Crocker Art Museum.

Make that California dream a reality! See ya there!

or old Ford, and help reconstruct a scene from 1965.
See January National Falcon News.

Capital City Offering Cars for Cash

The Capital City Chapter, Austin, Texas, is offering two cars
for sale to raise money for their chapter. They will advertise
locally, but want to first see if there is interest in the local
club or the FCA membership:

1963 Falcon Futura hardtop, red on red, 260 V8. Totally
rebuildable, a little kiss on passenger rear quarter.
\$1700 OBO.

1963 2 door wagon, converted into a sedan delivery,
narrowed 9", 1974 351 Windsor wFMX, which ran a year
ago but is not bolted to the vehicle and has beefed frame. It
was a daily driver for 5 years, but has been idle for a year.
Pete Odom owns the car, which is located in Bryan, TX.
409-825-7911. No price Isited.

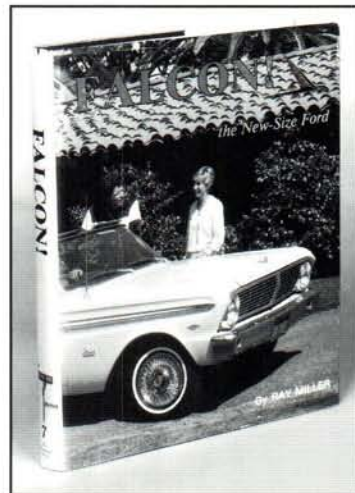

**When restoring your car,
it only makes good sense
to do it correctly. This
standard photo reference
book will help you get it
right!**

CALENDAR OF EVENTS

Music City Chapter Opens Regional Meet to other Ford products!

Join us this Memorial Day Weekend for another fun and exciting weekend in Nashville, TN as the Music City Chapter of the Falcon Club of America hosts its third regional meet.

Mark your calendars now for May 26-28, 2000 and fly those road birds to Music City USA. You will enjoy the show which is hosted at the Fiddler's Inn Hotel on Music Valley Drive and is set among the Music Valley Village Shopping Center. There is lots to see and do around the area including a scenic riverboat ride to downtown Nashville where you can enjoy visiting the Nascar Café, Plant Hollywood, Wildhorse Saloon, and the Hard Rock Café among many others. Spend all your hard earned money shopping at the brand new Opry Mills shopping center which is located nearby and is scheduled to open just prior to our show. Or better yet save that money to spend with the many vendors present and buy or trade parts to use in keeping that Falcon on the road.

This years show is also open to other Ford vehicles up through 1979 with special classes for those participants. Tennessee also serves as a great Eastern show site alternative for those of you who can't make it to California in July or just a good trial run for those of you who are planning to head West. Use the registration form in this issue to sign up today!

-
- April 16 **30th Annual Flea Market and Car Show;** at the Fitchburg, MA Airport. Take Route 13 from Route 2; the site is 13 miles west of I-495. Admission \$5.00 children free, 8am-3pm, 20x20 space is \$20.00. Rain or shine, all outdoors Toy vendors welcome. Make checks payable to: Early Ford V8 Club NE, 2 Clearview Dr, Framingham MA 01701. When sending your Calendar of Event items to the Editor, please include location — city and state — as well as phone numbers for further information.

Please send information and photos directly to the Editor at the address on page 2 for inclusion in the Calendar of Events.

Material sent to other club officers will not be published in a timely manner.

Joe Nance's Nostalgic Ride Down Memory Lane

Tuesday, November 30, 1999, was a memorable and nostalgic day for Joe Nance of Kingsport, Tennessee. Memorable because it was the day he retired from a 34 year career with Eastman Chemical Company; nostalgic because Joe drove to work that last day the same 1965 Ford Falcon Futura that he had driven to work on his first day of work at Eastman back in June 1965. Joe drove the Falcon during his college years at the University of Tennessee while pursuing his degree in Mechanical Engineering and to Eastman during the summers when he was a co-op with Eastman.

Joe is a second generation Eastman employee, as his dad, Berley F. Nance, retired from Eastman in 1972, after more than 25 years of service. Joe said that his family has close to 150 years of service with Eastman. His wife, Victoria, retired from Eastman earlier this year; and his sister, Linda N. Miller, and brother-in-law, Robert G. Miller, also retired on the same day as Joe, November 30. Eastman Chemical Company is headquartered in Kingsport, TN and is one of the world's largest chemical companies. Eastman employees approximately 10,000 people in Kingsport. Joe was managing Eastman's Corporate Health, Safety and Environmental Assessments program at the time of his retirement.

Joe elaborated about his Falcon. He said that his dad helped him purchase the new Falcon on June 21, 1965. He reminisced about driving the Falcon to college and using it to teach his sister, Linda, how to drive a "stick shift"; which Joe, with a smile, says, "I remember it as one of my toughest challenges". Joe has worked over the past several years to restore the Falcon to its pristine new condition with the thought in mind that he might relive some of those nostalgic moments on his last ride to Eastman. Joe's Falcon even sports a unique license plate

FEATURE

Falcon

that tells the story...it reads GOTNU65, which denotes that he purchased it new in 1965.

The Falcon is painted the original Wimbledon White with red NOS interior. It is equipped with the 200 cubic inch six and the three-speed shifter on the column. Joe says that the Falcon still looks and rides like it did when he drove it off the Tennessee Motor Company dealership showroom in Johnson City in 1965. Joe says that he has many wonderful memories with the Falcon over the years and looks forward to adding some new memories in retirement including driving it to future FCA events and even entering it in some of the Falcon shows.

Joe also has a 1965 Falcon Futura convertible with 47,000 original miles. He purchased the convertible about 10 years ago. It is all mint original with new Wimbledon White paint. It has the original interior and is equipped with the 200 cubic inch six and automatic.

Joe relates, "I have a lot of fond memories of the Falcon. One story in particular comes to mind as I write this. I was driving the Falcon from the University of Tennessee to my home in Johnson City, TN for the weekend. During that time we had no Interstate or four-lane highways and I was on a two-lane road behind a long line of what I thought were "Sunday drivers". In my hurry to get home, I was passing cars one at a time for miles until I came to the lead car. It wasn't a car at all, in fact it was a hearse! I had been passing cars in the funeral procession for miles and didn't realize what I had been doing. Needless to say, I was really embarrassed."

Classified Ads

To Advertise: FCA members are entitled to two free ads per issue (limit 50 words per ad). Each ad must appear in a different section of the Classified Ads. The FCA will not be held responsible for errors (legitimate errors will be corrected in the next issue when requested). All ads for the classified section must appear with a members name, location and FCA # to be considered a free ad. All items advertised for sale must have a price for the ad to run. Ads to run in more than one issue must be resubmitted each month. Non FCA member ads are \$10.00 ea. Ads must follow the same guidelines as member ads. Picture ads will be an additional \$20.00 per picture. Payment must accompany the ad, with check payable to the Falcon Club of America.

All ads must be sent by mail or e-mail to the Editor, Wendelyn Crosby, 16318 Riggs Rd., Stilwell, KS 66085. ABSOLUTELY NO PHONE CALLS OR FAXES FOR ADS — NO EXCEPTIONS! If you have Internet access, please e-mail ads to WCrosby63@aol.com. Ads must be received by the first of the month for the following month's issue. The FCA reserves the right to refuse advertising from any person or business.

NOTE: ALL ADS MUST INCLUDE YOUR LOCATION. IT'S GOOD TO KNOW WHAT TIME ZONE YOU'RE CALLING.

Thanks to Laura Notley for her assistance.

CALENDAR OF EVENTS

Joe Schmid
Buffalo, New York

Joe Schmid of Buffalo, New York has been working on his 1964 Falcon for the past three years. He races the Falcon every week and also takes it to car shows. The engine is a 302 that is 30 over. It has Dart heads and is carbureted by a 780 Holley. Nitros is also used to give it that "extra push." He runs a C4 transmission and a Coan 10" 3500 stall conv. The rear end is a nine inch with latter bars and coil overs. The rear gears are 4:56's and the rear tires are 19.5" wide. Joe is a member of the Erie Canal Chapter and says "I drive my car everywhere!"

Rodney Woolnough

Tasmania, Australia

Rodney Woolnough of Tasmania, Australia sent these photos of three very different Falcons from down under. The black and white car is an Australian 1962 Futura 2 door sedan. Ford Australia only produced about 50 black Falcons in 1962, the white top was painted by the dealer, to keep the car cooler. Rodney says there is another black Falcon in his area, but its condition is "not good." This car is also fitted with 14' wheels, but other than that, it is all stock.

The red race car is a 75XB coupe competing in this year's Targa Tasmania, which is a road race held around Tasmania. This car is a 351 powered version and is basically stock, even those huge "hotwire mags" were offered by Ford as an option in the 1970's.

The white car is an EB, 1994 XR6 Falcon. This car also competed in Targa Tasmania. Note the special license plate. This car was a full "street stock" race car and finished very well in the event, in front of many Porsches and Ferraris.

These three cars present a cross-section of Australian Falcons and show the difference from the US models.
